

Air Force 4

New and Improved!

2007 Model

Quadruple Your Production

The Air Force 4 is a must for on-the-job decorating. It features four outlets for fast simultaneous inflation. The continual-air blower is designed to maintain a fixed temperature and not overheat on large jobs. New model includes a quieter motor, new filling outlets, a detachable power cord, and the air intakes are now located around the base of the unit.

New Features

- More Lightweight & Compact
- Foot Pedal Included
- New Comfort Grip Handle
- New Friction Fit Outlets
- Accessories will be Available

#670115

Selling Points:

- Inflates 4 latex balloons simultaneously
